**All your favourite brands in store and online**

about us

**ABOUT US:**

"A new business with loads of experience"

**WHY:**

100%netball was the brainchild of long time friends and work colleagues, Danny and Glenn, who when shopping for their daughters were amazed that there was very little netball products available at a retail level for not only their young daughters but all age groups. There were shops for golf, shops for darts and lawn bowls but there was nothing for Australia's highest participated sport of netball.

They believed that the sport warranted a shop 100% focussed on the sport where you could buy or order anything and everything you need to play, coach, manage, umpire or even just support netball, thus we now have "100%netball".

**EXPERIENCE:**

With well over 20 years of joint experience between them within the sportswear and equipment industries they have great knowledge & worked in all areas of production from sales & design through to manufacture.

They have played many years of team sport and sat on many governing committees within sporting clubs so they not only know the product inside and out but they understand what clubs and associations are up against everyday in their pursuit to deliver a safe, professional and fun environment for Australia's favourite pastime, "sport".

**CONTACT DETAILS:**

**BALL BAG**

from \$15

**FEATURES**

- Made from heavy duty twisted rope
- Holds approx 15 x size 5 balls

**Ball Care**

To get the most out of your netball, please clean it regularly. You should clean your netball before use to remove any residue from the surface of the ball. Cleaning should be carried out using warm water, a light detergent and a soft cloth. Please do not sit on your netball as it will cause it to lose its shape.

Your netball should be stored in an ambient environment and kept dry after it has been cleaned. Check the pressure of your ball regularly to ensure optimum performance. Slight variations of ball pressure can occur over time due to the natural materials used in the bladder and changes in the external climate.

# equipment

## BALL PUMPS AND INFLATION

**DELUXE NEEDLES** from \$3

**FEATURES**

- Pack of two *Gilbert* deluxe needles

**PRESSURE GAUGE** from \$18

**COMPRESSOR** from \$170

**FEATURES**

- Deluxe Electric Compressor
- Automatic Cut-out switch to prevent overheating
- 1/8 HP & oil-less operation

**Inflation**

Initial inflation instructions:

Pull the ball into shape and insert the needle into the valve slowly so as to avoid puncturing the bladder.

Gradually inflate the ball using a hand pump or stirrup pump. If using a compressor or airline care must be shown not to over inflate as it can lead to damage to the ball or can cause the properties of the ball to change.

Check the pressure at regular intervals and ensure that the ball is inflated to 8 - 10 PSI depending on playing surface.

# equipment

## COURT MARKERS

**FLEXIBLE FIELD MARKERS** from \$1.20

**FEATURES**

- Collapsible and light weight
